⁂ The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowlege of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

BERHAMPORE, the 7th December 1874.

Notice.

THE Mofussil rent-roll of Kandgurdi is at present Rs. 12,350-8-6, and the area beeghas 10,037-9-7. The rent-roll is susceptible of considerable extension, as much of the land has been out of cultivation since the famine of 1866.

Kandgurdi is situated close to the rising port of Chandbally on the Byturnee, and will probably become very valuable as the trade of the port increases.

The Kunika estate is settled in perpetuity at a low quit-rent, or *peshkush*, and is therefore an unusually good investment.

JOHN BEAMES, *Collector.*

*** The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowlege of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*
